## from the 4th NHS Confidence Monitor - Summer 2016

Improving confidence

**Do you feel as an NHS dental professional that your confidence in dentistry could be improved by something other than a change in the NHS contract?**

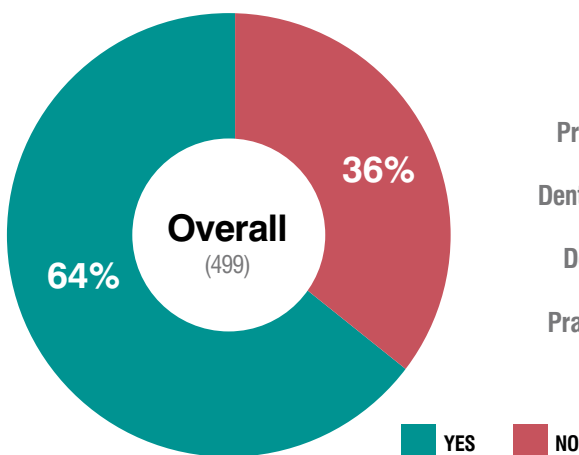

**If Yes, what do you think this could be?**

- A change in the public's perception of dentistry.
- More professional support.
- Less bureaucracy/regulation.
- Leave profession/NHS/Go private.

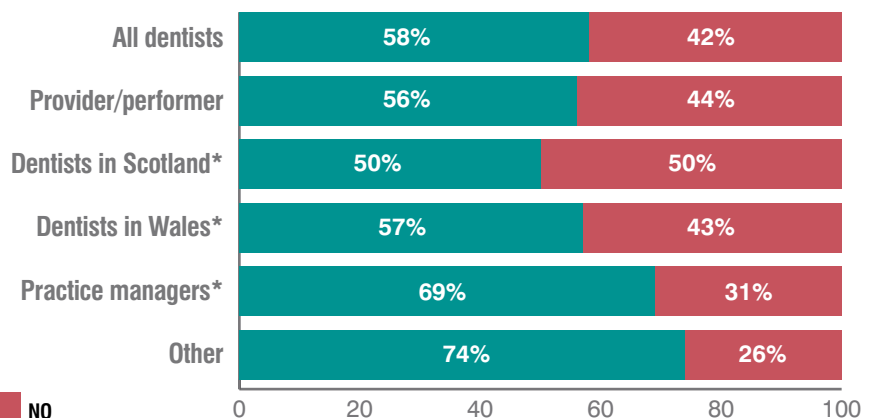

Happiness in profession
